Friday -

Dear Mama & all -
 It came to me with a shock that I haven't written all week, it sounded so good to talk to you only I wish I could have heard a little plainer - Did you see, "The Old Nest" and did you like it?? We saw a swell show Wed. night, "The Affairs of Anatol" with Wallace Reid, Bebe Daniels, Wanda Hawley main actors sure was good -

I surely have worked this week, you know Mrs H is gone and so I did my ironing and hers to surprise her when she comes home, I wouldn't do it again however I was to darn hard and I love to iron too - I just wrote to "Hat", Grandma P. and to Grandma M. - it is 10 min to 11 and I haven't even made my bed yet -

It is warmer up here to-day - I surely will be glad when it warms up a dab -

Mama, I just get wild when I think of you coming up - Maurice said for you not even to think of your car fare up here because it will be paid in advance, haven't I a nice husband -

I am going to clean my cupboard shelves this P.M. - If I get enough ambition, I wish you could see my flowers, they surely are pretty the carnations are just blood red -

Andrew is cleaning the house for Mrs. Heddles home coming, he is just like a woman to clean

around, I know just what Papa would call him
if he knew him, a "banty rooster" that's just
what he reminds me of -
We went to a Junior class party Monday eve -
Marian would have enjoyed it. There are
surely a live bunch up there. I had a swell
time - The night I talked to you they was
at the grade party and M & I were invited
Maurice had to go to Armstrong so I didn't
want to go, and there were four kids called
to ask if I wasn't coming - It surely was
funny - One boy about Bill's age called and
said why ain't you coming? so I said I
had a headache which was true -
I must quit writing and get dinner I'm
going to have beef steak, potatoes & gravy & cake
Well - write soon its only 2 weeks and
five days till I'll be home, I can hardly
wait - oh yes some thing funny - I taught
the primary class in Sunday school last
week and they say the funniest thing one
little boy piped up when I was telling the
story about Moses and said, "We have a dog
named Shep but we call him Collie" and then
Mrs Harrison tried to get this same kid to say
"God is love" with the rest of the class and he
kept saying know I won't say it - until finally
Mrs H said well just tell us why you won't
and he said, its swearin ha ha -

Lots of love to all
Tell David Hello from me
June
